

La San

I have only been here 3 weeks and those days were half days so I didn't know that much about LaSan Summer Camp. I have a lot of fun with my friends and with all of the activities. My favorite class is Art because we made all kinds of stuff like pencil cases and friendship bracelets. In computer time, I played Icy Tower and edit photos.

The food was great; for snack time, we have garlic bread, fruitcocktail, donuts, cookies, pastries, Oreos and more. For lunch we have burgers, hotdogs, soup, rice with soup, spaghetti, and more. My friends and I love the food and we always come back for seconds. The T.A.'s are fun to hangout with and talk too. LaSan made my time in California fun and I hope I'll get the chance to come back in the future.
