Days at Lasan

Our typical days are from 9AM to 4 PM. In the morning we watch Bible Movies then we go to song class and learn new songs. We have songs in Vietnamese and English. After song class is recess then virtues movie. The virtues movie has a talking buffalo, bobcat, and a prairie dog. In the beginning either Zach or Annie has a problem, they go to the Buffalo's cave and read stories regarding the subject. The stories teach them how they should behave in the situation. Examples of the virtue movies are perserverance, honesty, humility, and respect. After the virtue movies is class time each class does something different depending on the teacher.

Then we have lunch, we are required to finish all of our food. Once we are finished, we can do go hang out with friends, buy candy or ice cream, or play card games. After lunch, we have activities such as computers, art/debate/study, (depends on the day) and swimminng. During swimming we play games such as water polo and volleyball. Usually teams are divided by gender. Boys vs. girls but sometimes exceptions are made due to team sizes.

Water polo is played like soccer except we can touch the ball. This year, there are cones, if you pass the cone and score then the point does NOT count. There is a goalie so the person scoring shouldn't have a clear shot of the goal. In the middle of the game, the teams switch sides. For example, if the girls were on the right half of the pool they will now move to the left side of the pool. We usually keep playing until the end of class. For volleyball, we have a net across the pool, we have a light, big ball that is our "volleyball." If the side serving hits the ball out of bounds then the other side will keep serving until they hit the ball out of bounds. Around 4 PM Lasan is over for the day. There is a place where our parents can drive through to pick us up or drop us off.

Next year, Lasan will be closed for renovation.
